

EXTENSION - CONFERENCE

The Conference Extension is essential for any organisation that conducts multi participant telephone meetings.

The Yealink CP920 reduces background noise interference (keyboard typing, air conditioning etc.) and offers a 20 ft (6 metre) and 360 degree pick up range.

The Conference Extension is supplied with a free and dedicated Surgery Connect conference service allowing up to 20 separate participants to join a single conference call.

HIGH DEFINITION AUDIO

Where available on phones in the call, the phone uses the latest in Hi Fi phone audio, for maximum call quality and intelligibility.
